

SHOOTING PRICELIST / 2026

SELINA & KLEIN
PHOTOGRAPHY

ABOUT ME & MY PHILOSOPHY

Hi, I'm Selina: a passionate CrossFit enthusiast, world traveler, and family photographer.

Whether you're newly in love, deep in wedding preparations, or expecting a new addition to the family, I'm here to accompany you through all these wonderful chapters.

My goal is to preserve memories for you through photos that will always bring a big smile to your face, transporting you back to the most beautiful moments of your life. I cover the beautiful regions of Böblingen, Tübingen, Stuttgart, Reutlingen, and Sindelfingen.

I would be delighted to photograph you and capture all those beautiful memories and moments for you.

How a Shoot Works

For me, it's about more than just taking photos — it's about you, and making sure you feel completely comfortable throughout the entire experience.

That's why you can expect a truly full-service experience.

You reserve your session by paying the corresponding session fee, and afterwards, you choose the image package that suits you best. Your total investment is therefore calculated as: **SESSION FEE + Image Package.**

TOTAL INVEST

The Session Fee already includes everything needed to prepare you perfectly for your individual photoshoot:

- A detailed **photo-shoot preparation** guide with all the information about the process, plus a style guide for your outfits
- Support in choosing the perfect **location**, tailored to you and your wishes
- A **newborn and maternity guide** so you feel confident and well prepared
- A wide **selection of dresses** for expecting mothers
- **High-quality baby and children's clothing**
- Carefully selected **accessories** for outdoor shoots, such as dried flowers, hats, blankets, or a tipi tent
- Professional **photo editing** in my signature style
- **Detailed retouching** to make every single image perfect for you
- **Travel costs (€0.50/km)**
- And of course: **your photoshoot itself**

After the shoot, you can choose your preferred **IMAGE COLLECTION:**

- After your shoot, you will receive access to your personal **online gallery**.
- There, you can take your time viewing all the images from your session.
- **Important for you to know: the session fee does not include any digital images yet.**
- This is intentional, so you can make your decision only after seeing your photos.
- You can then choose the images that truly touch your heart
- and decide on one of the image collections: **Basic, Classic, or Premium.**
- Alternatively, you can also add individual images separately and flexibly.
- For you, this means: no need to decide on a specific number of images in advance — just complete flexibility in your selection. This way, you only pay for the images you truly want.

Styling

Treat yourself to that little extra for your photoshoot: For your session, you can add professional hair & makeup styling.

A professional stylist will come directly to my studio and style you for one hour in a look tailored to you and perfectly suited to the photo-shoot.

Especially as a new mom, during a maternity session, or even a family shoot, this is your moment to be in the spotlight.

Professional styling not only ensures a harmonious, polished look in your photos, but also gives you a little break and a wonderful feeling of being fully taken care of.
